

TABLE OF CONTENT

1.	Macroeconomics issues – what is this science about?.....	7
1.1.	Historical review of macroeconomic concepts.....	7
1.2.	Macroeconomic areas and goals.....	10
1.3.	Macroeconomics and economic policy	13
	Summary.....	16
	Key words.....	17
	Questions and tasks.....	17
2.	Measuring economic performance at the national level.....	18
2.1.	Big picture of the national economy.....	18
2.2.	System of national accounting.....	20
2.3.	Basic indicators measuring economic performance	20
2.4.	Methods of measuring economic performance.....	22
2.5.	Nominal and Real product, Potential product.....	25
2.6.	Limitations of traditional measuring of economic performance	27
2.7.	Alternative indicators of economic performance and social welfare	29
	Summary.....	31
	Key words.....	32
	Questions and tasks.....	32
3.	Consumption, saving and investment – key elements to analyse economy	33
3.1.	Consumption.....	33
3.2.	Saving	37
3.3.	Investment.....	40
3.4.	Macroeconomic equilibrium, Equilibrium product	43
3.5.	Investment multiplier.....	45
	Summary.....	48
	Key words.....	49
	Questions and tasks.....	49
4.	Money and its role at the national level.....	50
4.1.	Money forms and money definition	50
4.2.	Views on the role of money in economy	53
4.3.	Banking system.....	55
4.4.	Money creation	57
4.5.	Money market in economic system	59
	Summary.....	62
	Key words.....	62
	Questions and tasks.....	63
5.	Price level changes	64
5.1.	Characteristics of inflation and deflation.....	64
5.2.	Price level changes measurement	65
5.3.	Types and reasons of inflation.....	68

5.4. Consequences of inflation	69
Summary	70
Key words	71
Questions and tasks	71
6. Unemployment.....	72
6.1. Definition of unemployment and its measurement	72
6.2. Causes and types of unemployment.....	74
6.3. Phillips curve and Okun’s law	77
6.4. Consequences of unemployment and employment policies	79
Summary	80
Key words	81
Questions and tasks	81
7. Economic growth and economic fluctuations.....	82
7.1. From economic growth to sustainable development.....	82
7.2. Economic growth measurement.....	83
7.3. Determinants of economic growth	85
7.4. Theories and models of economic growth	87
7.5. Phases of economic fluctuations	92
7.6. Reasons of economic fluctuations.....	94
Summary	95
Key words	95
Questions and tasks	95
8. Aggregate demand, aggregate supply and macroeconomic equilibrium	96
8.1. Approaches to AS-AD model	96
8.2. Determinants of aggregate supply.....	99
8.3. Determinants of aggregate demand.....	100
8.4. Macroeconomic equilibrium through AS-AD model	101
8.5. Explaining economic fluctuations using AS-AD model	105
Summary	107
Key words	109
Questions and tasks	109
9. Fiscal policy	110
9.1. Goals and content of fiscal policy.....	110
9.2. State budget.....	111
9.3. Fiscal policy instruments.....	115
9.4. Fiscal policy multipliers.....	117
9.5. Effects of fiscal policy using AS-AD model.....	120
9.6. Problems and current insights	123
Summary	125
Key words	126
Questions and tasks	126
10. Monetary policy	127
10.1. Goals and targets of monetary policy.....	127
10.2. Monetary policy instruments.....	128

10.3. Effects of monetary policy using AS-AD model.....	131
