The topic of the Conference:

The international scientific conference "The EU budget, innovation and economic growth" is a continuation of regular conferences that have traditionally been organized by Faculty of Economics Matej Bel University Banska Bystrica and the European Commission Representation in Slovakia in cooperation with partners. The conference goal is to support professional and academic debate on the topics of public finance in EU and creating a creative environment for innovation in the public and private sector.

Working group sessions:

- A: Current problems of public finance in EU
- B: Innovation and economic growth

Conference Organizer reserves the right to include the contribution to the conference schedule and to the conference proceeding. Participants were therefore requested to keep the theme of the conference.
